VAPOR BATHS.
 The inhabitants of Indianapolis and vicinity are also informed that Dr. Pendery has opened a spacious and commodious Bath Room, office No. 24 1-2 East Washington street, to enable the sick and afflicted to test the efficacy of the Medicated Vapor Baths.
 It is not deemed necessary to dilute or in any way enlarge on the remarkable and astounding cures performed through the agency of these baths; the wonderful effect of eliminating the impurities of the system by a vapor and bringing the heated vapor to the surface of the body, has attracted the attention and challenged the admiration of the most distinguished medical men of the age.
 The Vapor Baths have been introduced by the Court Surgeons, with every royal family in Europe, and have very generally received the praise of all cases of patients in humble as well as in the higher walks of life.
 The Vapor Baths are precisely adapted to every class of diseases. In Chronic Skin Diseases, Rheumatism, Dyspepsia, Nervous Headache, Palsy, Lung Disease, or any affection to which the human system is liable, the Baths never fail to afford relief.
 Sulphur Vapor, for instance, is conceded by the most prejudiced physicians of the most stupidly ignorant pretender, to be the very best remedy ever used for Chronic Rheumatism, all kinds of Skin Diseases and the numerous forms of Catarrh.
 Iodine Vapor, with Extract of Wild Cherry, for all forms of Lung or Bronchial Disease, no with the thousand vegetable extracts, when reduced to a vapor and brought in contact with the skin, or any diseased surface, produces the most flattering and satisfactory results, which no other form of medicine can possibly attain.
 A trial of these Baths never fails to convince the most skeptical of the wonderful curative power of extracts reduced to a vapor and applied exactly to the spot of disease, with prompt rapidity and without irritation and relieve pain, which no medicine taken in substance can reach.
 The sick and infirm from disease, no matter how long standing, or what the disease may be, are cordially invited to give our Baths a trial.
 These Baths accelerate the effects of alternative medicine, drawing disease out of the system, changing the state of the body in constitutional diseases, and increasing the action of the absorbent vessels.
 The specific effects are:
 To equalize the circulation of the blood.
 To promote perspiration.
 To remove the effects of mercury from the system.
 To promote absorption of dropsical effusions.
 To relieve difficulty of breathing and to cure Asthma and other diseases of the Chest and Lungs.
 To strengthen the stomach and impart a tone to the digestive organs, and to cure dyspepsia and its consequent diarrhea.
 To promote the healing of Scrofulous and Chronic Ulcers, and Rheumatic and Rheumatic Pains and Swellings from the Joints, and to cure Lupulus, Scabies, &c., &c.
 For Quiescent and Latent Diseases, no with the thousand vegetable extracts, when reduced to a vapor and brought in contact with the skin, or any diseased surface, produces the most flattering and satisfactory results, which no other form of medicine can possibly attain.
